INTRODUCTION

In 2001 I published the first edition of my Chinese Railway Timetable. This translates available timetable information into English, and also converts the information into the style of a British or European railway timetable, from the somewhat incomprehensible Chinese format. The timetable is now into its fourth edition, with the fifth planned for publication in December 2005. Further details of the timetable are given below.

The timetable is proving popular, but for many travellers, both potential and actual, it contains far more information than is required. I have therefore developed this timetable, which shows direct, generally air-conditioned trains running between a selection of major Chinese cities. The timetable is set out in the 'quick reference' format used in airline timetables. In addition two tables in the style of my Chinese Railway Timetable are included. Table 20T# shows the intensive express service between Guangzhou and Shenzhen, whilst Table 44 covers a very different railway in northern China, where it is still possible to travel nearly 1,000km in a train partly hauled by steam locomotives (although perhaps not for much longer). I hope that travellers who are not familiar with the use of railway timetables will find this timetable easy to understand; I welcome feedback as always.

This Quick Reference Timetable is based on the timetable that came into service in April 2005. The changes since April 2004 are not major but I have taken the opportunity to keep the timetable as up to date as possible. Table 20T# is updated to May 2005. Changes to train services can occur at any time (sometimes at short notice); itineraries should be confirmed locally whenever possible. This timetable may be updated as further information becomes available - check www.chinatt.org for the latest information.

For many travellers the information in this timetable will be sufficient. In particular it may give potential travellers the confidence to include rail travel in their plans. However I do hope that it may whet some travellers' appetite for more information about rail travel possibilities in China - if so they can now know where to find it!

Whatever your interest I hope you find the timetable informative and useful.

THE CHINESE RAILWAY TIMETABLE

This quick reference timetable is made freely available to assist travellers with journey planning. It shows direct, air conditioned trains running between selected major cities in China. The trains in this timetable represent a small fraction of trains running in China. More information can be found in my Chinese Railway Timetable (April 2004 Edition), which lists every train shown in the official timetable (over 2,400) plus some others. The timetable contains many useful features, including an index map, an index (in Pinyin and Chinese characters) to the over 850 stations shown, information about travelling by train in China and a copyable, bilingual booking form to assist with the purchase of train tickets. A supplement to the timetable can be downloaded from www.chinatt.org, which brings the timetable up to the April 2005 service.

Full details of the timetable are at www.chinatt.org, or you can email me at mail@chinatt.org. Please put 'CTT' in the subject line to avoid the risk of deletion as junk email.

QUICK REFERENCE TIMETABLE

CITIES COVERED BY THIS TIMETABLE

The Chinese characters on this page can be used to assist with buying train tickets.

The timetable shows trains between selected cities in China. It is divided into three parts as follows:

Part one covers trains between: Beijing, 北京
Guangzhou, 广州
and Shanghai 上海

Part two covers trains between Beijing / Guangzhou / Shanghai and the following cities:

Changchun	长春	Hangzhou	杭州	Shenzhen (for Hong Kong)	深圳
Changsha	长沙	Hong Kong (Jiulong)	九龙	Tianjin	天津
Chengdu	成都	Kunming	昆明	Wuchang	武昌
Chongqing	重庆	Nanjing	南京	Wulumuqi (Urümqi)	乌鲁木齐
Dalian	大连	Nanning	南宁	Xi'an	西安
Guilin	桂林	Qingdao	青岛	Zhengzhou	郑州
Haerbin	哈尔滨	Shenyang	沈阳		

Part three covers trains between the following city pairs:

Chengdu & Chongqing	Chengdu & Kunming	Chengdu & Xi'an
Chongqing & Xi'an	Dali (大理) & Kunming	Dalian & Shenyang
Guilin & Nanning	Kunming & Nanning	Wulumuqi (Urümqi) & Xi'an
Wulumuqi (Urümqi) & Zhengzhou		

HOW TO USE THE TIMETABLE

Trains shown in this timetable are air conditioned unless otherwise stated, and run direct between the places shown. Other journey possibilities may exist, either by non air conditioned direct trains or involving a change of trains. This timetable does not attempt to show all possibilities - full details are available in my 'Chinese Railway Timetable'. All trains shown in this timetable run daily except as shown. Where the day of arrival is not the same as the day of departure details are given in the notes column - see examples below.

Times shown in **bold** indicate that the train starts at (in the case of departure times) or terminates at (in the case of arrival times) the station shown. Where this applies to both departure and arrival the whole line is shown in **bold**. Reservations (and seats where reservations are not held) are often easier to obtain from the starting point of a train; boarding may also be a more relaxed experience than at intermediate stations.

The example below shows trains from Guangzhou to Shenyang in the left box, and from Shenyang to Guangzhou in the right box. Within each box a line of entry represents a train, in the form: Train number, departure time, arrival time and notes (if any). Some trains serve a station other than the main station; this is shown by a **bold letter** between the hours and minutes for the station - see examples below

EXAMPLE TABLE

Table numbers (in my full timetable) applicable to this journey (in order)

Bold type - train starts at Guangzhou and terminates at Shenyang - reservations may be easier to obtain on such trains

Light type - train terminates beyond Shenyang
